¹ Grant awards for these service areas will be available for one year, from January 1 through December 31, 2005. LSC will publish and compete a single statewide basic field general service area in Oregon for calendar year 2006 funding, instead of the current three basic field general service areas, i.e., OR-2, OR-4, and OR-5. Service areas NOR-1 and MOR in Oregon will also be competed for calendar year 2006 funding, however, those service areas will not change.
